New Text-Book in Mental Science.

JUST PUBLISHED,
MENTAL PHILOSOPHY:
INCLUDING THE INTELLECT, SENSIBILITIES, AND WILL.
BY JOSEPH HAVEN,
Professor of Intellectual and Moral Philosophy,
Amherst College.
Royal 12mo. Embossed Cloth. Price $1.50

Professor Park, of Andover.

Having examined a large portion of the work in manuscript, says:—"It is distinguished for its clearness of style, perspicuity of method, candor of spirit, acumen and com, rehensiveness of thought. I have been heartily interested in it."
From D. R. Campbell, LL. D., President Georgetown College, Ky.

"It is, in my opinion, the best text-book extant on the subject. It is methodical, comprehensive, and in its style quite charming for such a subject. I am seriously inclined to introduce it, next fall, into our classes."

"It meets my views of what a text-book on the subject ought to be, better than any other treatise I am acquainted with. I like the work so well that whether it be adopt it or not, I shall use it in my classes. Although in the Female College in this place, The work is, I think, particularly effective in its *history* of opinions and views on the topics treated upon. I have no doubt that it will be popular and widely used, because so well meets a want long felt and often expressed."

From the Bibliotheca Sacra for Nov. 1857.

"It has the eminent merit of never pre supposing in the pupil a larger knowledge of mental science than he ordinarily possesses; and, at the same time, of not underrating his intelligence, and disgusting him the explanations of what has been familiar to him. His seminar ical in its treatment of the various branches of mental science; its arrangement of topics is peculiarly lucid; and both its order and language are well stimulate the reader to pursue investigations which he has commenced. * * * While it is admirably fitted for our colleges, it is also well adapted to our academies and high schools."

From the New York Tribune.

"With [some exception] we have regard this volume as the most important contribution to mental science as yet furnished by an American scholar. * * * Professor Haven has performed his task, in our opinion, with eminent success. * * * His work is not only various, but genuine, and is brought forward at h the simplicity that shows he is accustomed to its use, and has not picked it up for the occasion. But it is the clearness and penetration of his own intellect which gives its chief value to his treatise. Each of the problems, which are here presented, has received an independent solution from the personal reflection of the author, and the result is a blend with the logical method and orderly ex ression which is o the best proofs of a mastery of the subject. For a college text-book it has the cardinal merits of precision, accuracy and facility, while its spirit of illustration and richness of philosophical learning, commend it favorably to the general student of science."

It has already been adopted as a text-book in Brown University, Amherst College, Spingler Institute, New York City, Mount Holyoke Female Seminary, and the Female College, Worcester.

THERE is no pain, however in tense or excruciating, but that a single application of *Radway's Ready Relief* will instantly stop and quickly allay the most violent spasms, inflammations and pains. There is no disease, however long it may have become established in the system, whether constitutional in nature, humorous or of a loathsome character, but that *Radway's Regulating Resolvent* will eradicate it from the system, and restore health and vigor throughout the broken down and emaciated organizations of the body.

If by irregularity or otherwise the organs of the stomach become deranged and incapable of performing their natural functions, of the Liver, Heart, Bowels, Stomach, Bladder, Kidneys, Skin, Nerves, Blood, etc., or at least, a disorder in one of *Radway's Regulators* will restore health and regularity to every organ throughout the body. Thousands and every organ to the natural performance of its duty, and thus keep up regular and healthy circulation of the blood.

If a dose of *Radway's Regulators* be swallowed the moment a person feels unwell, or when any unpleasant symptom appears, there would be no fear from, for the diseased action would be arrested, and a healthy action and regularity thus at once established—THAT DISEASES CANNOT GROW IN THE SYSTEM FORTIFIED AND FROM THE INFLUENCE OF THE R. R. R. REMEDIES.

All the internal pains, aches and pains that are saddled upon the crippled body, are readily removed and quickly exterminated by *Radway's Ready Relief*. The great injury to life involved in the wonderful curative powers of *Radway's Ready Relief*, are exclusively confined to these Remedies; and it is the great medicinal principle on which these Remedies are founded, that renders them so CERTAIN, QUICK and SUPERFICIAL.

MALARIA

In countries where malarious diseases prevail, Fever and Ague, Dysentery, Cholera, Cholera Morbus, Typhoid Fever, Pneumonia, and other Malignant Fevers, *Radway's Ready Relief*, taken as a preventive, will securely protect the unexposed and infected districts against all such serious attacks, and if the infection has already spread, a prompt use of the *Ready Relief and Regulators* will quickly cure the patient and expel the infectious malignant poison from the system.

CONSTITUTIONAL DISEASES.

Many diseases that afflict humanity are inherited as a legacy from parents, and are transmitted from generation to generation, as a constitutional disease, and there not how many generations the seeds of these diseases may have been established in the system, corrupting the blood—*Radway's Resolving Resolvent* is the great remedy for such diseases, it will reach the source of disease and destroy, and fill the veins with new, pure and healthy blood.

Radway's Resolving Resolvent should be hailed as a blessing by every mother throughout the land whose children are afflicted with Sores, Humors, &c. These overtakings out from early age are evidence of disease transmitted from the parent stock. A few doses of the *Resolving Resolvent* will eradicate every vestige of the disease and insure the child a sound and healthy body.

A LONG CABLE OF CERTIFICATES.

Since 1845, when we first commenced our good work of discovering remedies for the relief of the pain ridden and diseased, and preparing the same for public use, we have the gratification of claiming to have received more letters of thanks and certificates of cures than all other medicine manufacturers and medicine practitioners in the world, put together.

The weight of the paper alone, on which said certificates and letters of thanks are written, is over ten tons, and if said certificates were stacked logs for in one pile, it would measure the immense distance of *twenty-seven thousand seven hundred and forty miles.*

Among the immense number of certificates are—

120,000 Rheumatism cured in from ten minutes to twenty-four hours.

90,000 Chronic Rheumatism cured in from one week to six weeks. Pain relieved in a few minutes after its first use, placation.

10,000 Cases of Toothaches, Earaches, Strains, Lumbagos, and pains in the legs, back, etc., in from five to twenty-five minutes.

[illegible] Cases of Asthma.

10,000 Cases of Bronchitis, Catarrh, Lung Complaint etc.

20,000 Cases of Costiveness, Indigestion, Liver Complaints, Heart Diseases, Kidney, Bladder and Urinary difficulties—cured in a few doses of RADWAY'S REGULATORS, a dose of which once a week will keep every organ in the system in a healthy condition and force them to the due performance of their duties.

Besides thousands and tens of thousands of everything, lacking of no given name, that every one is more or less subject to.

R. R. R.

To conclude, we would state that Radway's Read Relief is an external and an internal remedy; that it is impossible for pain to exist in the system that is under its influence—its inequaling power infuses strength to the weak, feeble and infirm. No matter what the cause of the pain may be, a dose or application will instantly stop it.

Radway's Regulators are in the form of Pills, elegantly coated with gum, and when taken will not be easton nauseous or disagreeable. They act on the organs of the system in a healthy and regular action, to regulate the circulation of the blood, and to expel all difficult or usual causes of derangements from the liver, stomach, bowels, kidneys, bladder, nervous system, and thus bring rapid and lasting relief, all diseases lurking in or her of the organs of the body or in the general system. Every lady should keep a box of these Pills on hand. They are the most certain Regulators you can take.

Radway's Renovating Resolvent is for the cure of all diseases of a chronic, constitutional, or scrofulous character, Skin Eruptions, Sores, Salt Rheum, Humors, &c. These remedies are pleasant to take, quick in action, and safe. No injury can result from their use. Let the sick give them a trial.
