Franklin Legislature

The legislature was called into session by Governor Mendenhall, who read the following address:

To the honorable members of the legislative assembly of the Territory of Alaska:

Gentlemen:

We have the honor to submit to you the following report of the work performed by our officers during the past year.

The year has been one of great activity, both in the legislative and executive departments.

The legislature has passed several important measures, including the establishment of a public school system and the improvement of the educational facilities of the territory.

The executive department has been active in the administration of the affairs of the territory, and has made many improvements.

We trust that the work of the past year will be of lasting benefit to the territory, and that the future will be marked by similar progress.

Respectfully submitted,

Your obedient servants,

[Signature]

Governor Mendenhall.

The legislature adjourned sine die on the 30th of June, 1884.

The Editor has been advised that the Sanitary Commission is about to devote the next session to the suppression of the slave trade. They have already taken steps in this direction, and it is expected that they will receive the services of several of the most prominent abolitionists in the land. It is hoped that these measures will be successful, and that the ultimate abolition of the slave trade will be accomplished. The Editor is convinced that this is the most important work that can be undertaken by any human society, and he is confident that the results will be satisfactory. He accordingly recommends that every man and woman should support the Sanitary Commission in all its efforts. The Editor further states that the Sanitary Commission has already succeeded in obtaining the passage of several important laws, and he is confident that it will continue to do so. He accordingly advises that the people should not despair, but should continue to support the cause of humanity.
