TO ADVERTISE: The Indicator has a large and increasing circulation in this and adjoining counties, and is a valuable medium for advertising...

LEGAL ADVERTISEMENTS: The undersigned, by authority from the State of Virginia, do hereby certify that the parties interested in the following real estate...

Our contemporary of the "Madison (Indiana) Courier" takes us to task for saying "if Gerritt Smith and Fred Douglas can be convicted to a legal point of view..."

We would inform our contemporary that the article he refers to did not emanate from a lawyer, and we will be pardoned for remarking that his own editorial bears...

We put the question to the editor of the "Courier" as a sensible, honest man. Does he believe one word of the story told by this philanthropic lady...

But if the State of Virginia or the Federal Government were to get possession of those two gentlemen—and we think it is very probable that one or the other of the two governments will...

The Circuit Court, Judge Thompson presiding, is still in session here. Nearly all the time, since our last issue, has been consumed by the trial of Farrar...

The jury have agreed, and Mr. Farrar's big hat has cost him \$200 and 3 months imprisonment in the county jail.

Mr. Harry, who is stationed over the law office of Baylor & Baylor, has already done wonders enough to establish the character of his incomparable reasoning compass...

Editor of the Indicator: The friends we alluded to a day or two ago, whose good opinion we value...

The Editor of the Madison (Indiana) Courier is one of the few, perhaps the only Black Republican for whom we have the least respect...

The statement that carried us down the Alabama River had on board a large party of negroes in charge of a most inhuman driver...

We call special attention to the proceedings of a meeting recently held in Salem, (published on our first page) which had for its object the consideration of the proposed railway connection between Harrisonburg and that point...

Reference Lucas P. Thompson: Judge Thompson, our readers will find the call of the members of the Staunton Bar on Judge Thompson, and his response to the same.

We cannot allow this opportunity to pass without expressing our profound esteem and respect, for Judge Thompson, as a man and a private citizen, and our cordial concurrence with the bar of his own county...

On the person of one of the insurgents, who was killed at Harper's Ferry, were found letters to his Sister and Mother...

Letters of Maria: Nobody is so crazy or so credulous as to think that all the begging, beseeching, threatening and bribing letters, of which Gov. Wise is in daily receipt...

The beautiful and appropriate answer which Mr. Wise has condescended, most surely "stop the bloodgates of her eyes" for a while, and perhaps put her to wondering how she, who only performed the part of Peter the Hermit, could be preaching about a course of a set of silly enthusiasts...

The petition of this woman, addressed to the Governor of Virginia, necessarily exhibits an ignorance of the powers vested in the Executive, wholly unworthy a lady-reformer...

Through personal acquaintance with you, you will recognize in my name an earnest friend of Kansas, when circumstances make that Territory the battle-ground between the ancient principles of slavery and freedom...

Madam:—Yours of the 26th was received by me yesterday, and at my earliest leisure I respectfully reply to it that I will forward the letter for John Brown, a prisoner under our laws, arranged at the Bar of the Circuit Court for the county of Jefferson...
