THE WAR NEWS

An editorial dispatch has been received which brings the gratifying news of the capture of the Yankee Gun-boat Diana, in Warwick's Bay, Louisiana, at the terminus of the rail road from New Orleans...

Capt. Moody (not Moody as stated in some of the papers) was killed by a shot in the position near Drumsville for the purpose of outflanking his command, and while retreating his men and horses, the horse being loose, and uncontrolled in an enclosure, was suddenly surrounded by the men...

The report of commanding General Sherman, in his report to the President, is a magnificent one. It shows that the army has been successful in its operations, and that the enemy has been driven from the river...

Bob Johnson, old traitor Andy's son, is reported captured. It is said that he has been taken to the rear of the lines, and that he is now in the hands of the Confederates...

General Hill has demanded the surrender of Washington, North Carolina, and the garrison has refused to surrender. The garrison is now in a state of siege, and the Confederates are making every effort to capture it...

It should be borne in mind that the General Assembly of Virginia has just passed an act providing for the raising of a new regiment of infantry, and that the Governor is authorized to call for the men...

PROSPECTIVE

The continuance of the cold dry weather for the past few days, has done much to dry up the roads, and to render them almost impassable...

Our people seem to have an abiding faith in our success at all points. The Mississippi, notwithstanding its inability to withstand the tremendous efforts of the abolitionists to secure the untrammelled possession of that river...

Some of the preparations to meet the enemy are sufficiently strong to fill them in all their attempts to take these much coveted points. We are fully confident that all attempts to avoid a direct attack by detaching a large force to the right of the main line...
