A Vow to the Democracy.

The Times newspaper of this place, in a powerful and eloquent article, asserts that the Democratic party is now the most desperate and cunning of all the political parties in the country. They say that we have been accused of being traitors to our country and the cause of human liberty. We say nothing about these matters. We know nothing about them. We are simply trying to save the Union, and it is our firm belief that the Democratic party is the only party capable of saving the Union.

The people of this state are deeply divided in their opinions about the present state of affairs. Some believe that the Democratic party is the only party that can save the Union, while others believe that the Republican party is the only party that can save the Union. In either case, I say that the Democratic party is the only party that can save the Union.
