Spirit

Of the New York papers... the official returns of the late Presidential election...

It was not Democracy... the fact of Democracy, that produced the victory...

During the discussion it was stated... Mr. Huxbury, that immediately on the fall of Savannah...

It is well known... that they will be held back upon their own material...

Let every Democrat in the land keep this fact steadily in view... that the Shively leaders...

It is anything more desired to continue any Democrat of the despicable devices of the shoddy politicians...

We long ago said, and repeatedly, that the crusade carried on against slavery...

This Christian preference to the immortal name of Butler has been changed...

It is not a matter of course... that we are to be satisfied with the result...
